----------------------------------	-------------------	-------------------

Pendant Mount	Wall Mount	5 YEAR Warranty
----------------------	-------------------	---------------------------

The Led Cube DI™ Series defines the new standard in ambient lighting by combining the highest degree of minimization with the most advanced optical distribution and control available in 0-10v systems.

The Led Cube DI™ upright distribution (30% / 70% down), provides unmatched ceiling uniformity, allowing lighting designers to increase row spacing regardless of the suspension length. Increasing luminaire row spacing drives down the total installed cost of lighting, while reducing the overall watts per square foot.

Smooth, balanced light washes down the wall and illuminates the ceiling, creating a relaxing social environment from wall mounting option.

Housing made of extruded 6063 aluminum, finished with electro-statically polyester powder coat paint for long lasting durability; available in white, black or silver. Led Cube DI™ series is available in 4' and 8' individual luminaires.

The Led Cube DI™ characterizes the ultimate in minimalist simplicity by providing clean, uniform lines of illumination in virtually any architectural environment.

LED Cube DI™ Series sleek modern design, offers highly effective and efficient lighting solutions for hotels, offices, retail outlets, restaurants.

Warranty

Americanlite® is pleased to provide a 5 year limited warranty covering the LED fixtures in this catalogue. Americanlite® warrants that the LED fixtures comply with Americanlite®'s published specifications and are free from defects in materials and workmanship.

All our equipment is CE, TUV, FCC or UL approved and manufactured with approved components. Americanlite® reserves the right to change or improve the design or components of any of its products due to parts availability or changes in standards, without assuming any obligation to modify any product previously manufactured and without notice. All equipment is tested and inspected before shipment.

This warranty is void if the product is operated outside of its normal operating conditions. The foregoing warranty does not apply to failures caused by acts of God or as a result of any abuse, misuse, abnormal use, or use in violation of any applicable standard, code or instructions for use in installations, including, but not limited to, those contained in the Standards for the International Electrotechnical Commission. Americanlite® reserves and has the right to examine failed lamp to determine the cause of failure, excessive lumen depreciation and patterns of usage.
