We light your world™

Nema Head V2™ Series with HP LED Lamp

40w

Advances in LED technology allow us to create new exciting options for illumination. The benefits of outdoor LED lighting are extraordinary compared to outdated fluorescent and more particular to High Intensity Discharge lighting systems.

Americanlite® Nema Head V2™ can provide up to 70% energy savings over traditional HID products, also, long life and solid state electronics and LED light source mean another 80% savings in maintenance and related expenses.

We have incorporated a high quality high poer 40w LED lamp to our Nema Head V2™ Series, making it one of the most competitive and best performing Nema Head in the market.

Americanlite® Nema Head V2™ is an environmentally friendly security luminaire that uses the most advanced LED technology to produce a comfortable and efficient light that significantly reduces operating costs and extends fixture life.

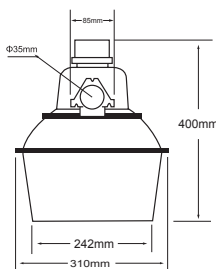

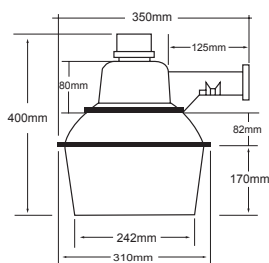

Intended for security areas, storage yards, rural areas, area lighting, loading and receiving areas.

Lighting of the Future

A familiar product moves into the 21st Century. The Nema Head V2™ is your sustainable security lighting solution, reducing CO₂ emissions by 0.4 metric tons annually.

Warranty

Americanlite® is pleased to provide a 2 year limited warranty covering the LED fixtures in this catalogue. Americanlite® warrants that the LED fixtures comply with Americanlite®'s published specifications and are free from defects in materials and workmanship.

All our equipment is CE, TUV, FCC or UL approved and manufactured with approved components. Americanlite® reserves the right to change or improve the design or components of any of its products due to parts availability or changes in standards, without assuming any obligation to modify any product previously manufactured and without notice. All equipment is tested and inspected before shipment.

This warranty is void if the product is operated outside of its normal operating conditions. The foregoing warranty does not apply to failures caused by acts of God or as a result of any abuse, misuse, abnormal use, or use in violation of any applicable standard, code or instructions for use in installations, including, but not limited to, those contained in the Standards for the International Electrotechnical Commission. Americanlite® reserves and has the right to examine failed lamp to determine the cause of failure, excessive lumen depreciation and patterns of usage.
