# Linear Kolor™

CCT & Power Selectable

25w / 40w / 80w

Americanlite® LED linear lighting is designed to blend effortlessly into any environment—placing emphasis where it belongs: on the well-being and productivity of those within the space. Embracing the strength of simplicity, Americanlite® fixtures are known for their high quality, dependable performance, and clean design, earning their place as one of the most preferred brands in the lighting industry.

Linear Kolor™ Series offers a sleek, continuous line of illumination that delivers both visual comfort and architectural appeal in a compact profile. With refined lighting that enhances any design style, this next-generation linear solution inspires sophistication while making a bold design statement.

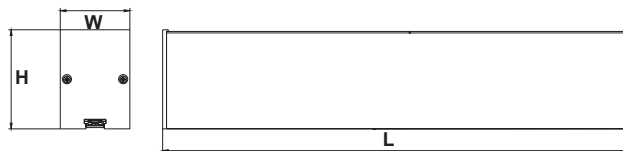

Crafted for flexibility, the Linear Kolor™ Series extends seamlessly across 2, 4, or 8 feet in a single run. Its clean, minimalist structure is made to suspend or surface mount in open-ceiling applications, making it a perfect match for offices, classrooms, retail stores, mixed-use spaces, and modern renovations. Best of all, it's engineered to offer premium design within budget-conscious projects.

This series incorporates our signature Selectable Technology™—featuring 3 power levels and 5 CCT settings—easily adjustable via intuitive toggle switches. It's tailored for precision, allowing you to fine-tune lighting configurations to suit any space. With a choice of 7 stylish finishes, Linear Kolor™ takes customization to a whole new level, helping your architectural vision stand out.

Built for lasting performance, Linear Kolor™ Series features a robust extruded PVC housing (0.8–1.3 mm thick), striking the ideal balance between durability, weight, and heat management. A 1.0 mm frosted polycarbonate diffuser ensures smooth, high-lumen output across wide areas. Each fixture is equipped with top-tier components, including adjustable aircraft cables, rubber-insulated power cords, a UL-rated 0–10V dimmable driver with 2KV surge protection, and a powerful LED system.

With its clean lines, high efficiency, and refined build, Linear Kolor™ is ideal for expansive projects—from modern offices and institutional buildings to retail showrooms and hospitality venues. Its versatile design and advanced technology work together to provide ambient lighting that enhances comfort, improves performance, and raises the bar for visual excellence.

## Notes

- Lumen & wattage tolerance up to 10%
- Lumens: 35K / 65K = 122 lxw  
4K - 57K = 125 lxw
- Driver Brand: FOSEN / No Flicker
- L/N-PE: 2kV, L-N: 1kV
- LED Chip: Lumileds 2835
- LED Chip QTY: 25w= 252 pcs  
40w=420 pcs  
80w=672 pcs
- Housing: PVC 0.8-1.3mm Thickness
- Color Covering for Housing: PVC Dielectric material 0.1 to 0.15mm
- Lens: PC 1mm Thickness
- Hanging Kit included
- 100,000 hours life @ <Tc 65°C

Hanging kit 2M Included

Surface Mount Kit

Junction Box Cover

## Packing information

4'	6	126.5 x 18.5 x 23	0.0535	
8'	6	247.5 x 18.5 x 23	0.1053	

## Warranty

Americanlite® is pleased to provide a 5 year limited warranty covering the LED fixtures on this catalogue. Americanlite® warrants that the LED fixtures comply with Americanlite®'s published specifications and are free from defects in materials and workmanship.

All our equipment is CE, ETL or UL approved and manufactured with approved components. Americanlite® reserves the right to change or improve the design or components of any of its products due to parts availability or changes in standards, without assuming any obligation to modify any product previously manufactured and without notice. All equipment is tested and inspected before shipment.

This warranty is void if the product is operated outside of its normal operating conditions. The foregoing warranty does not apply to failures caused by acts of God or as a result of any abuse, misuse, abnormal use, or use in violation of any applicable standard, code or instructions for use in installations, including, but not limited to, those contained in the Standards for the International Electrotechnical Commission. Americanlite® reserves and has the right to examine failed fixtures to determine the cause of failure, excessive lumen depreciation and patterns of usage.
